

## The Plan

The plan must be drawn to a scale of 1 centimetre to 1 metre, unless we have previously confirmed in writing to you that an alternative scale is acceptable. The plan **must** show:

- The whole building, including non licensed areas
- Any external or internal walls which comprise the premises, or in which the premises are comprised
- All exits from the premises
- If different from the above, the location of the escape routes from the premises
- Areas where existing licensable activities take place
- In a case where the existing licensed activity relates to the supply of alcohol, the location(s) on the premises that are used for the consumption of alcohol
- Fixed structures (including furniture) or similar objects temporarily in a fixed location (but not furniture) that may impact on the ability of customers to use exits or escape routes without impediment
- In a case where premises include a stage or raised area, the location and height of each stage or area relative to the floor
- The location and type of any fire safety and other safety equipment including, if applicable, marine safety equipment
- The location of any kitchen on the premises

The following information may be added to your plans. They are not a mandatory requirement but may speed up your application by making it easier for the Licensing Authority and the Responsible Authorities to understand your application and how the premises are to be operated:

- Plans to be dated and bear the name and location of the premises
- To be endorsed with a location plan showing the site of the premises
- The scale used to be endorsed on the plan
- The total extent of the licensed premises to be defined by a continuous red line
- Areas to be used for the consumption of alcohol to be coloured pink
- Areas to be used for the storage of alcohol and bar serveries to be coloured brown
- Kitchen and staff only areas to be coloured yellow
- Toilet accommodation to be coloured blue
- Emergency exit routes not intended to be used for the consumption of alcohol to be uncoloured
- Where areas of the premises are to be used for specific purposes to which the licence will apply e.g. children only allowed into one area, adult entertainment, showing of films, etc those areas should be outlined and defined in a key accompanying the plan
